INNOVATION AND INSPIRATION ON FIRE™

TWIN EAGLES
Admire the sleek, luxurious, meticulously engineered grill, as beautiful as it is high performance. The man behind our stylish innovation: award-winning engineer and designer, Dante Cantal, natural-born inventor, passionate visionary of the grill and founder of Twin Eagles, with three decades of experience perfecting the finest culinary equipment behind his stellar reputation.

INNOVATION AND INSPIRATION ON FIRE™

Get up close and personal. You’ll appreciate the unique styling, precisely cut and shaped by our master craftspeople from the finest stainless steel. Interior designers and architects applaud the elegant lines of our premium grills, with their exquisite geometry and polished accents. You’ll love the prestigious, innovative designs – the outdoor cooking equipment you deserve, surprisingly attainable.
At Twin Eagles, we listen to our dealers and customers to learn how we can make our products smarter, simpler, more efficient and fun to use. We want you, your family and friends to enjoy grilling, eating and spending time together as much as we do – making memories that linger long after the grill cools down.

GOOD TIMES. GREAT GRILLS.
We use premium-grade 300 series stainless steel, precisely cut with advanced lasers and constructed with TIG-arc welding technology for the intense strength and durability essential for outdoor use. You’ll see and feel our commitment to quality in every interaction with our superbly engineered and crafted equipment – responsive, intuitive, easy to use. And your family and friends will taste it in every delicious bite.

GRILLING STANDARDS, FLYING HIGH.
Twin Eagles offers you several unique features that together deliver unparalleled performance. Look to the engineering details for the secret sauce in Twin Eagles’ grilling perfection – the culmination of decades of experience and innovation by our masters of engineering and design.

- **Internal Halogen Lights** perfectly illuminate nighttime grilling.
- **Extra Large 3-Position Warming & Cooking Rack** allows you to move the rack up and out of the way without removing it from the grill (in stowed position as shown here). Additional rack positions include warming and indirect cooking.
- **Rear Infrared Rotisserie Burner** delivers intense heat and guarantees delicious results for your rotisserie cooked foods.*
- **Heavy-Duty, Stainless Steel Rotisserie Rod & Forks** supports food weight when cooking for large parties.*
- **Hexagonal Cooking Grates** retain and conduct heat more efficiently into the food. We design the grates to afford maximum surface contact with food, look like your kitchen that would make a professional chef proud. See The Ultimate Grilling System on page 14 for details.
- **Grill Light Switch** automatically turns off the internal halogen lights when the lid is closed, adding longer life to your lights.
- **Control Illumination Switch & Concealed Rotisserie Switch** features flush design and illuminated bezels.

*rotisserie models only
Exclusive Control Illumination features a highly visible graduated line that glows indigo blue. A control knob indicator notch illuminates to give a precise control knob setting.

High-polished Accents reflect the exquisite design and luxurious refinements of your grill and accessories.

The Grill Hood Assist System makes it easy for you to open and close the hood by reducing the weight load with hidden heavy-duty extension springs.

The Sealed Smoker Box holds soaked hickory, mesquite, or your favorite wood chips for all you flavor mavens who crave a subtle smoky taste.

The Sealed Heavy-Duty Rotisserie System utilizes a high-speed motor with 100 lbs. turning capacity to turn the rotisserie rod and motor. A unique chain-driven design provides consistent rotation of the rotisserie rod and motor. Convenient rod positions allow for proper distance from the burner, producing exceptional results.

30”/36” 600-1,600 BTU, 14 Gauge, 304 Stainless Steel Burners & Zone Dividers. Each high-performance burner is contained to control heat independently from one grilling area to another.

The Twin Eagles 5-Part Grilling System utilizes advanced technology and components designed and engineered exclusively by Twin Eagles. This unique synergistic grilling system integrates direct and radiant heat to ensure your grill:

- Preheats faster
- Reaches higher temperatures
- Distributes heat more evenly
- Offers complete control in each grilling zone
- Uses less gas

When you turn on the burners, heat rises and creates drafting which draws clean cool air through vents located at the bottom of the firebox. The high-grade ceramic briquettes absorb heat from the flames and retain the heat for a longer period, allowing for a more consistent and efficient grilling experience. The briquettes are designed to withstand the intense heat of the grilling process, ensuring a consistent and even temperature across the grilling surface. The briquettes also help to retain moisture in the food, resulting in a tender and juicy final product.
**PREMIUM GRILLS**

Here’s where it all comes together in our sleek, gorgeous grilling machines. Choose one of our four built-in gas grills, depending on your preferred size and whether you want to include our finely-tuned Concealed Rotisserie System or a Sear Zone. Each grill features our innovatively engineered Five-Part Grilling System, designed for the ultimate grilling synergy. A precision-designed charcoal grill is also available.

**OUR STANDARD GRILL FEATURES**
- Built-in 304 stainless-steel construction for longer life
- Continuous char withShipping warranty
- High-quality ceramic briquettes
- Hexagonal grates for maximum food-to-surface contact
- Fire dividers to regulate different temperatures
- Insulated hot surface grates
- Non-toxic high-lead solder system

**SEAR ZONE**
Sear foods faster with 25,000 BTUs of direct, intense infrared heat to seal in natural juices, for moister, more flavorful foods. You can choose to include a Sear Zone on our 30", 36" and 42" grills. Standard on the 54".

**CONCEALED HEAVY DUTY ROTISSERIE SYSTEM**
Our concealed rotisserie features a fully integrated rotisserie motor with 100 lbs. turning capacity. A unique chain-driven design provides consistent and uniform rotation of the rotisserie rod. Two rotisserie rod positions keep foods the proper distance from the infrared burner, producing exceptional rotisserie cooked foods. You can choose to include a Concealed Rotisserie System in our 30", 36" and 42" grills. Standard on the 54".

**54" OUTDOOR CHARCOAL GRILL**
TEGG54-C 54" OUTDOOR CHARCOAL GRILL WITH ADJUSTABLE CHARCOAL TRAY AND AIR/TEMPERATURE CONTROL LOUVERS

**ALL THE BELLS AND WHISTLES**
For backyard barbecue mavens who like to entertain large groups or juggle several grilled foods at once, your dream machine has arrived.

**IN HONOR OF THE BACKYARD PURIST**
For those who crave the basic art of charcoal grilling, Twin Eagles gives you the ultimate way to light your fire. We’ve invented the future of charcoal grills, with easy air temperature control, inset temp gauge and front-door fuel access to manage the subtle mechanics of the charcoal art form. A must-have for every outdoor kitchen.

- Seamless welds and signature high-polished accents
- Double-lined hood
- Temperature gauge
- Warming/cooking rack
- Adjustable charcoal tray

---

**30" OUTDOOR CHARCOAL GRILL**
TEGG30-C 30" OUTDOOR CHARCOAL GRILL WITH ADJUSTABLE CHARCOAL TRAY AND AIR/TEMPERATURE CONTROL LOUVERS
DOUBLE YOUR OUTDOOR FUN.

We invented this griddle and burner duo for those gorgeous days when you want to be outside from morning to evening. Please the crowd with pancakes and omelets at breakfast or quesadillas and sautéed vegetables at dinner. Easy to light and offers precise temperature control. The perfect companion to your grill.

COOK OUTSIDE THE GRILL.

Add one or two of our versatile 17,500 BTU dual ring sealed burners to your outdoor kitchen as the perfect complement to your grill, so you can simultaneously boil and stir-fry, sauté or simmer. The one-piece stainless steel “S” grate allows for easy maneuverability of pots and pans between burners.

JAPANESE STYLE. AMERICAN INGENUITY.

We borrowed inspiration from Japanese iron plate cooking to create our unique, easy-to-use Teppanyaki griddle, a versatile addition to your outdoor kitchen. Perfect for cooking breakfast pancakes or omelets, we love using it all day - from grilled cheese sandwiches at lunch to stir-fried vegetables at night.

COOKING ACCESSORIES

TESB131-C & TESB132-C | SIDE BURNERS

- Built-in accessories
  - Built-in wind guard
  - Built-in thermometer
  - Stainless steel cover included
  - Exclusive Control Illumination

TESB131-C | DINE & BREAKFAST CLUB

- Stainless steel, solid cooking grate surface
- Solid steel control with heat indicator light
- Heat on indicator lights
- Electric hot surface ignition with safety gas valve
- 20,000 BTU stainless steel griddle burner
- Thermostatically controlled

TESB132-C | TEPPANYAKI

- Stainless steel “S” grate to easily slide pots and pans between burners
- Solid steel control with heat indicator light
- Heat on indicator lights
- Electric hot surface ignition with safety gas valve

SIDEBURNER

- Stainless steel “S” grate to easily slide pots and pans between burners
- Solid steel control with heat indicator light
- Heat on indicator lights
- Electric hot surface ignition with safety gas valve
- Stainless steel cover included
- Exclusive Control Illumination

TEPB24-C | POWER BURNER WITH TRADITIONAL BAR GRATE

- Powerful 70,000 BTU burner with stainless steel grate
- Reversible grate for restaurant stockpots and commercial woks (model TEPB24HG-C)
- All stainless steel commercial drop-in cast iron grate surface made of sealed plate (model TEPB24-C)
- Stainless steel commercial drop-in cast iron grate surface made of sealed plate (model TEPB24HG-C)
- Stainless steel cover included
- Exclusive Control Illumination

TEPB24HG-C | POWER BURNER WITH REVERSIBLE HEAVY DUTY ALUMINUM GRATE

- Powerful 70,000 BTU burner with stainless steel grate
- Reversible grate for restaurant stockpots and commercial woks (model TEPB24HG-C)
- All stainless steel commercial drop-in cast iron grate surface made of sealed plate (model TEPB24HG-C)
- Stainless steel cover included
- Exclusive Control Illumination

MODELS TEPB24-C & TEPB24HG-C | BUILT-IN GRIDDLE

FAST UNDER FIRE

Sear your steaks to juicy perfection or fire up a family-pleasing pizza in minutes with our high-performance patented Salamangrill. The infrared burner mounted above the cooking surface reaches 1700 degrees in 90 seconds to intensify juiciness and flavor without flare-ups. We throw in a 13" pizza stone for extra fun.

Four (4) steaks per side fully designed for classic or dry-aging

15,000 BTU infrared burner

Cooking grate rolls in and out for easy food placement

13" pizza stone included

Patented technology (U.S. Patent #7,117,866 B2)

Custom vinyl cover included

TEWD30-C | 30" WARMING DRAWER

WARMING IN THE WINGS

Savvy outdoor cooks appreciate being able to prepare ahead, especially when coordinating a large meal. Keep food warm and ready to serve with our convenient warming drawer. Humidity management controls moderate moisture inside the drawer to prevent food from drying out. Low to high heat settings offer versatile uses from warming bowls to defrosting food.

Four (4) steam pans specifically designed for steam or dry warming

Concealed thermostat control

Heat ranges from 60° to 220° F (15° to 104° C)

120 V electrical cord included

Approved for indoor and outdoor use

TESG24 | SALAMANGRILL

TEWD42C-C | 42" WARMING DRAWER COMBO

A TOP DRAWER COMBINATION

Keep food warm, moist and ready to serve – and take advantage of extra storage with this smart, convenient multi-purpose unit. A storage drawer below the warmer lets you keep towels and mitts on hand. Use the large slide-out holder for a trash container or LP gas tank.

2.1 cu. ft. storage drawer

Four (4) steam pans specifically designed for steam or dry warming

Humidity controls keep food from drying out

Heat fluctuation from 60° to 220° F (15° to 104° C)

Concealed thermostat control

120 V electrical cord included

Approved for indoor and outdoor use

ICE-COLD & CONVENIENT

Complete your backyard sanctuary with our convenient outdoor bar and you’ll never have to run inside for ice again. Our 30” bar includes an insulated ice compartment that holds up to 40 pounds of ice. Keep beverages cool and condiments fresh in three specially-designed cooling compartments.

THE PERFECT MINI-BAR

This compact beverage center features an insulated ice compartment that holds up to 40 pounds of ice and three cooling compartments to keep beverages on ice and condiments fresh. Excellent for outdoor entertaining.

EVERYTHING INCLUDING THE KITCHEN SINK

Our elegant, commercial-quality sink boasts an oversized basin to accommodate large items and a soap dispenser for quick cleanup. Beautifully designed with seamless welded construction for long life and to complement your other outdoor equipment. An outdoor kitchen essential.

PLUG AND PLAY

Mix it up to perfection and impress your guests with this versatile appliance station, complete with built-in GFCI (120 V) electrical outlet. Create a cocktail mixing center, coffee & espresso bar or fresh juice bar with your preferred appliance, for endless entertainment possibilities from morning to midnight. (Blender not included.)

THE PERFECT MINI-BAR

Stainless steel sliding ice bin cover
Front speed rail holds 1-liter bottles
Stainless steel bottle opener and towel ring
Stainless steel cover and chrome faucet

PLUG AND PLAY

Stainless steel sliding ice bin cover
Front speed rail holds 1-liter bottles

**TEBK24-F | 24” BEER DISPENSER/SINGLE TAP**

**TEBK242-F | 24” BEER DISPENSER/TWIN TAPS**

**THE LIFE OF THE PARTY**

Serve your favorite draft microbrew frosty cold and straight from the tap. Our beer dispenser holds half or quarter kegs and includes the draft tower, CO2 tank and regulator. Party central.

**TEIM15-F | 15” OUTDOOR ICE MACHINE**

**BREAK THE ICE**

This sleek, efficient beauty produces up to 35 pounds of ice per day and stores up to 15 pounds of ice. An asset to any outdoor bar primed for epic backyard entertaining.

**TEOC24D-B | 24” DROP-IN COOLER**

**DRINK AND BE MERRY**

This premium, party-ready drop-in cooler accommodates up to 60 bottles and 25 pounds of ice. The insulated bin and gasket-sealed lid keep contents ice-cold into the wee hours. Sleek, geometrical design shows off our signature polished accents and seamless welds.

**TEOR24-F | 24” OUTDOOR REFRIGERATOR**

**CHILL WHILE YOU DRILL**

The ultimate backyard kitchen convenience, this stylish, outdoor refrigerator features 5.1 cubic feet of storage, two perforated slide-out shelves and door storage. Keeps marinated meats, side dishes and beverages barbecue-ready. A must-have.
DRAWERS

CLEVER CONCEALMENT

We design our built-in access doors and storage drawers with the same attention to detail as our premium grills and accessories. The external design complements our equipment, with Twin Eagles’ signature exquisite polished accents, sleek finish and geometrical detailing. We engineer each door or drawer to slide seamlessly and effortlessly into place, with a weight bearing strength and long-lasting durability intensified by the highest quality stainless steel.

TETD18T-B | 18” DOUBLE TRASH DRAWER

- Holds larger capacity trash container provided (may vary)
- Full pullout drawer for easy access (100 lbs. capacity)
- Removable sliding bamboo cutting board
- Angled side wall directs waste to trash container below
- Stainless steel cover included
- Aligns over the built-in trash drawers (sold separately)

TETD182T-B | 18” TRASH DRAWER

- Holds larger capacity trash container provided (may vary)
- Full pullout drawer for easy access (100 lbs. capacity)
- Removable sliding bamboo cutting board
- Angled side wall directs waste to trash container below
- Stainless steel cover included
- Aligns over the built-in trash drawers (sold separately)

TEC | TRASH CHUTE

Smart, low-profile trash chute aligns over built-in trash drawers (TETD18T-B) or easy disposal of bottles, trash and waste. An elegant bamboo cutting board provides an attractive and practical sliding lid. A stainless steel cover over the cutting board and chute to conceal when not in use.

This convenient and versatile sliding panel accommodates an LP tank or trash container. A sturdy frame in the door provides added support and access to the LP tank or trash container.

SAFE AND SOUND
Every outdoor kitchen needs a weather-safe place to organize and store essentials. These smartly-designed dry storage cabinets seal snugly to ensure that contents are protected from exposure to the elements. The extra deep interior with fixed shelves and full extension drawers provides generous space and storage flexibility.

VENTILATION

A BREATHE OF FRESH AIR

Safely remove excess smoke, odors and grease to protect your outdoor kitchen area and guests. High performance ventilation hoods draw heat, steam and grease away from your cooking area. Seamless, sophisticated design, with our signature polished geometrical accents, complements our grills and accessories. Available in 36", 48" and 60" sizes.

- Engineered and UL-approved for outdoor use
- Easy-to-clean, dishwasher-safe stainless steel filters
- Quiet, whisper-quiet motor
- Halogen lamps with dual settings
- Internal and external blower motors sold separately:
  - TEVH36-B | TEVH48-B | TEVH60-B | Twin Eagles Ventilation Hood
  - TEVI-060I 600 CFM internal blower
  - TEVI-120I 1200 CFM internal blower
  - TEVE-150E 1500 CFM external blower

ACCESSORIES

THE BEST OF BOTH GRILLS

For those who savor the taste of food cooked over a charcoal flame, you can now enjoy the convenience of lighting it from your grill. We make our charcoal tray of 100% stainless steel and include a built-in ash collector for easy clearing. Use the existing burner to light the briquettes or lump charcoal.

VERSAGRILLITY

Transform our grills or side burners in seconds into a sleek griddle surface. Perfect for grilling pancakes, fajitas, or stir-fry. Made of durable stainless steel.

THE PERFECT COVER-UP

Protect your investment with an all-weather vinyl cover. The soft interior protects our fine stainless steel finish, while the durable vinyl exterior shields your grill from harsh weather. Available for all built-in grills and built-in accessories including: Power Burner, Single & Double Side Burner, Argentine and Teppanyaki Griddle. We also offer covers for all freestanding grills and the freestanding Dine & Breakfast Club and Teppanyaki Griddle.
FREESTANDING GRILLS

A MOVEABLE FEAST

Twin Eagles designed these elegant integrated grill bases to offer portability and a freestanding grill option for our 30", 36", 42", and 54" grills. Each grill base features our beautiful signature style and sleek architectural lines to complement our grills and accessories. Standard features include soft-closing doors and self-latching drawers, fold-down side shelves with tool holders, and heavy-duty casters with front brakes for easy maneuverability and locking. Use the convenient pullout tray inside to hold a trash receptacle or LP tank. Access doors and storage drawers feature flush handle design with high-polished accents.

TOOL HOLDERS

Innovatively designed tool holders on each side shelf keep your tools handy, yet conveniently out of the way, leaving shelves clear for food and other items essential to grilling.

TURN UP THE HEAT

Extend your outdoor entertaining into the cool of late evening – or even year round – with our patented radiant gas heater powered by infrared technology. The wireless remote control allows you to adjust heat settings with ease. Enjoy exceptional heat coverage over a wide area to keep you and your guests warm and cozy as long as the party lasts.

WARM & COZY

Our energy efficient Electric Radiant Heaters will maintain a warm, comfortable atmosphere on cool nights indoors or outdoors. Designed for installation at lower mounting heights (six to eight feet), these heaters maximize heat where you need it most, making them excellent for coastal areas. We make the parabolic reflector of a special corrosive resistant alloy, an essential feature for humid climates or windy areas. Perfect for entertaining in your backyard, patio or deck.

- Two heat levels: low setting at 25,000 BTU and high at 37,000 BTU
- Wireless remote control (No electrical wiring required)
- Spark ignition with 100% safety pilot
- Decorative safety grill provides shielding from wind (Windproof up to 15 MPH)
- Includes mounting brackets and gas hose
- Optional accessory (sold separately)
- Wall-mountable incremental control included for easily regulated heat settings
- Energy efficient: 90% of input energy is converted directly to radiant heat
- Swivel mounting brackets allow 6" of clearance behind heater
- UL approved

Our name was inspired by the eagle and our founder’s twin children. The eagle is the national bird of the United States and represents independence, vision and strength. Twin Eagles shares those same qualities and embraces the very highest standards in our design and manufacturing. All of our products are made in the USA – designed and manufactured to embody the impressive characteristics of the eagle – by the finest craftspeople in the industry at our own state-of-the-art workplace in California.
